

ATS Customer Support Resume Guide

For customer support resumes, you want the resume to hit both the ATS system and sound natural enough that a real hiring manager enjoys reading it.

Strong ATS Keywords for Remote Customer Support Roles

- Phone Support
- Chat Support
- Email Support
- Customer Communication
- CRM Systems
- Troubleshooting
- Conflict Resolution
- Ticketing Systems
- Multitasking
- Remote Communication
- Active Listening
- Customer Satisfaction
- Data Entry
- Technical Support
- Inbound & Outbound Calls

Professional Summary (Better ATS + Human Version)

Customer-focused professional with experience providing phone, chat, and email support in fast-paced environments. Skilled in resolving customer concerns, managing multiple systems, and delivering empathetic, solution-oriented service. Strong communication, problem-solving, and multitasking abilities with experience using CRM platforms, data entry systems, and remote communication tools.

Core Skills (Better Keyword Targeting)

- Phone Support
- Chat & Email Support
- Customer Service
- CRM Systems

- Conflict Resolution
- Active Listening
- Multitasking
- Data Entry
- Technical Troubleshooting
- Ticket Management
- Microsoft Office & Google Workspace
- Customer Satisfaction

Professional Experience (This Wording Matters A LOT)

- Provided professional phone, chat, and email support to customers in a fast-paced environment
- Resolved customer concerns efficiently while maintaining positive customer satisfaction ratings
- Assisted customers with account questions, troubleshooting, billing issues, and service requests
- Managed multiple conversations and systems simultaneously while maintaining accuracy
- Documented customer interactions and updates within CRM and ticketing systems
- Communicated clearly and professionally with customers while de-escalating concerns when needed
- Followed company procedures and met productivity and response-time expectations

Technical Skills (ATS Gold)

- CRM Software
- Ticketing Systems
- Microsoft Office
- Google Workspace
- Zoom & Remote Communication Tools
- Data Entry
- Typing & Documentation
- Basic Technical Troubleshooting

Important ATS Tips

- Keep the resume ONE column only
- Avoid graphics, icons, and tables
- Use clear section headings
- Repeat wording from the job description naturally

- Include “phone, chat, and email support” multiple times throughout the resume
- Keep bullet points simple and easy to read
- Use strong action words like Assisted, Resolved, Supported, Communicated, Managed, and Coordinated

Best Resume Layout Order

- 1 Name + Contact Information
- 2 Professional Summary
- 3 Core Skills
- 4 Professional Experience
- 5 Technical Skills
- 6 Education

That order works best for both ATS systems and recruiters scanning quickly. Your resume should balance keyword optimization with clean, professional wording that sounds natural to hiring managers.
