

ATS Tech & Admin Jobs Resume Guide

For Tech & Admin jobs, your resume should focus on operations, scheduling, systems management, troubleshooting, organization, and administrative support skills. The goal is to keep your resume ATS-friendly while still sounding professional and easy for hiring managers to read.

Strong ATS Keywords for Tech & Admin Jobs

- Operations Support
- Scheduling & Coordination
- Systems Management
- Technical Troubleshooting
- Administrative Support
- CRM Systems
- Ticketing Systems
- Process Improvement
- Data Entry
- Documentation
- Organization
- Multitasking
- Attention to Detail
- Microsoft Office
- Google Workspace
- Scheduling Tools
- Backend Operations

Professional Summary (ATS + Human Friendly)

Detail-oriented professional with experience supporting operations, scheduling, systems management, and administrative workflows in fast-paced environments. Skilled in troubleshooting, organization, multitasking, and maintaining efficiency across multiple systems and platforms. Experienced handling technical support tasks, coordinating schedules, processing requests, and supporting day-to-day operations.

Core Skills (Better Keyword Targeting)

- Operations Support

- Scheduling & Coordination
- Administrative Support
- Technical Troubleshooting
- Systems Management
- CRM & Ticketing Systems
- Data Entry
- Process Improvement
- Multitasking
- Attention to Detail
- Microsoft Office & Google Workspace
- Written & Verbal Communication

Professional Experience (This Wording Matters A LOT)

- Supported daily operations and administrative workflows in a fast-paced environment
- Assisted with scheduling, coordination, and systems management tasks
- Troubleshot technical and operational issues while maintaining accuracy and efficiency
- Processed requests, updated records, and documented information within company systems
- Managed multiple tasks and priorities while maintaining organization and attention to detail
- Communicated professionally with internal teams and customers to support operational goals

Technical Skills (ATS Gold)

- CRM Software
- Ticketing Systems
- Microsoft Office
- Google Workspace
- Scheduling Tools
- Data Entry
- Technical Troubleshooting
- Operations & Administrative Support

Important ATS Tips

- Keep the resume ONE column only
- Avoid graphics, icons, and tables

- Use clear section headings and clean formatting
- Use keywords from the job description naturally throughout the resume
- Focus on operations, scheduling, systems, troubleshooting, and administrative support
- Keep bullet points simple, professional, and easy to scan
- Use strong action words like Coordinated, Managed, Processed, Supported, and Troubleshot

How to Use Transferable Skills

Even if your experience comes from customer service, retail, office work, hospitality, or administrative support, you can still qualify for Tech & Admin jobs by focusing on organization, scheduling, multitasking, troubleshooting, documentation, and operational support experience.

Best Resume Layout Order

- 1 Name + Contact Information
- 2 Professional Summary
- 3 Core Skills
- 4 Professional Experience
- 5 Technical Skills
- 6 Education

That layout works best for both ATS systems and recruiters scanning resumes quickly. The goal is to keep your resume clean, keyword-rich, and easy to read while clearly showing operations and administrative support experience.
